

Case Management:

Engaging Students in At-Home Learning

More than 50,000 LA-area students did not log into their classes in recent months. Schools are expected to continue at-home learning in the fall. Training and support for helping students excel in a new world of virtual learning is needed to help students avoid "COVID slide" learning losses. Open to agencies & schools in the South LA area.

WHAT: How to make family care calls. How to develop and track outcomes. Where to obtain referrals to address needs. How to assess family assets and challenges.

FREE RESOURCES: Sample intake form, script, family care call tips, follow-up procedures, and referral sources to be provided.

FOUR TUESDAYS TO CHOOSE FROM:

August 4, 2020, 10:00 AM-11:30AM

August 11, 2020, 10:00 AM-11:30AM

August 18, 2020, 1:00 PM-2:30PM

September 1, 2020, 6:00PM-7:30PM
